THE PESSIMIST.

The pessimist is one who thinks the world is going wrong.
And sad and doleful daily is the burden of his song;
While others are in happy mood and full of hope and cheer,
He shuts the glorious sunshine out and lives in doubt and fear.
He scans the present with a frown, the future with a sigh,
It shunned by those who know him best, he is so cold and dry;
He looks upon the darkest side of everything he sees,
And would an angel's patience try, he is so hard to please.
'Tis lucky for the world at large that pessimists are few;
That those of better sense and light their foolish thoughts eschew;
For did the chronic pessimist the things of life control,
There would be little latitude for man's aspiring soul.
Thanks be to heaven, the optimistic booster is alert,
On every hand throughout the land, to choose the better part;
To bless the people everywhere with much goodly giving,
And make the humblest mortal feel that life is worth the living.
Away with pessimists' gloom in such a world as ours,
So fraught with bliss that we should feel as bees among the flowers;
Since Providence has said that man's chief end is happiness,
What use is it to foster gloom, or nourish dire distress.
Let pessimists, if they would like to win the world's esteem,
Reform their lives and get enthused with optimistic dream,
And lay aside their cold reserve and gloom-inspiring mood
That blocks the way to happiness, and counts for nothing good.

At about this stage in construction the builder begins to realize what a convenience and help it is to have the local lumber yard at hand.

In fact, from the very beginning of building operations, it's a decided advantage to be able to get just what you want, and when you want it.

That's one reason why there are lumber yards.

Then again, no one who understands the differences in woods, wants to build inside and out, roof and floor, of any one kind of wood. The lumber yard has the necessary varieties for the different purposes.

Why's "Gets-It," for Corns, Like a Kiss?

Because Everybody Tries It, Everybody Likes It, It's Painless and Takes But a Moment to Apply.

"Gets-It" is the wonder of the corn-patched world. Millions say so, because millions have used it. That's what makes it the biggest selling

"Never in My Life Saw Anything Act So Quickly and Magically as 'Gets-It'." will surely get that corn or callus you've been trying for a long time to get rid of. Take it right off "clean as a whistle." Apply it in 2 seconds, put your stocking and shoe right over it—nothing to stick, nothing to hurt. You needn't fuss with thick bandages that make a package out of your toe. No knives, razors and seissors, no tape, no trouble. It's simplicity itself, sure, quick, painless. Try it also for bunions and warts.

"Gets-It" is sold at all druggists, 25c a bottle, or sent direct by B. Lawrence & Co., Chicago.

Sold in American Fork and recommended as the world's best corn remedy by AMERICAN FORK DRUG CO. and WM. THORNTON'S.

Fall, Mr. and Mrs. Wm. West, Mrs. A. H. West of Bluffdale; Mrs. R. Keaton, of Venice, California and Mrs. Sarah Smith of Ogden. The afternoon and evening were spent in singing and social chat, after which a delicious supper was served.

The Two Tickets--Take Your Choice

American Fork Republicans and Democrats Name Candidates For Coming Municipal Election.

The Republicans held their primary Friday night in City Hall and nominated their ticket—the Democrats held forth Saturday night and also named their ticket.

After the usual routine business and the reading and adoption of the platforms, the following tickets were named:

Republican Ticket

For Mayor—John Hunter.
Recorder—J. B. Forbes.
Treasurer—Mary E. Abel.
Four-year Councilman—S. W. Chipman.
Two-year Councilmen—T. L. Codington, C. E. Young and George F. Shelley.

The following platform was read and adopted:

PLATFORM

Platform adopted by the Republicans of American Fork City, in Primary Assembled in City Hall, Friday, October 15, 1915.

We, the Republicans of American Fork City, in caucus assembled, renew our allegiance to the principles of the Republican Party and our devotion to the cause of Republican institutions established by our fathers, believing that this party has given unto us the basic principles of self government, and has made possible the establishment of the successful institutions that are responsible for our national growth and development. The Republican party has ever been the party of progress, not only in national and state affairs, but also in those of our own community.

We pledge ourselves as follows:

1st—We favor such public improvement commensurate with the healthy, steady growth of our enterprising city, without overburdening the people with excessive and unnecessary taxation.

2nd—We favor the enforcement of the laws of our city, especially those pertaining to the unlawful sale of intoxicating liquors and improper dancing which has eroded into our midst. We condemn immorality in all its phases; and pledge ourselves to the enforcement of the city ordinances regulating these matters. We favor the enforcement of the present curfew law; and deplore the apparent looseness that prevails in permitting our boys and girls to go on the streets at a late hour unattended.

3rd—We commend the action of the former City Council in their efforts to increase the water of our city both for culinary and irrigation purposes; and favor continued efforts for the increasing and preserving of the present water supply.

4th—We rejoice in the success that has attended the efforts put forth in the establishment of a public library; and favor such aid as may be required to foster such an institution.

5th—We approve the good work that has been accomplished in the grading and improving of a number of our streets; and pledge ourselves to continue the improvement of such other streets as shall demand our attention so far as the revenues of the city will permit.

We regret the apparent negligence that has existed in permitting our sidewalks and streets to be overgrown with weeds; and pledge ourselves to the enforcement of the city ordinance requiring the owners of abutting property to clean up and destroy such vegetation.

We commend the efforts put forth in behalf of clean town contests and would encourage the citizens competing with our neighboring communities in these laudable efforts.

6th—We pledge our candidates, if elected, to an honest and businesslike administration of our city affairs.

Ladies and gentlemen, we respectfully move the adoption of this platform.
George F. Shelley, Clifford E. Young, J. F. Noyes.

NOTES

At the Republican primary, Mr. Lafayette Parker was nominated for the position of two-year councilman. Mr. Parker was not at the primary, and later for personal reasons refused to accept the nomination; and the committee met Wednesday evening and selected George F. Shelley to fill the vacancy. Practically the same incident occurred in the Democratic ranks. Mr. George H. Webb, not present at the primary, was nominated as a two-year councilman, and upon being informed of the party's action, did not care to make the race. The Democratic Committee met on Thursday evening and named Stephen T. Baker to fill the place left vacant.

It is your own fault if you can't pick a progressive, broad-minded set of city officials out of the above two tickets. Politics should "cut littleies" in city elections. Vote for men who will work for the best interest of the city—not for those whose only interest is to see how much they get out of the city treasury.

Ernest Winn left this week for a business trip to Southern Utah.
W. T. Brown returned Monday from a trip to Kansas where he visited.
The People's State Bank has a force of men repainting and decorating the interior of their bank.

NOTICE TO PUBLIC

Having been appointed administrator of the estate of Wm. R. Webb, deceased, I hereby request all persons knowing themselves indebted to the estate to call at Webb's Shoe Shop and settle.
C. J. LOGIE, Administrator. 16-21

Democratic Ticket

For Mayor—Earl S. Greenwood.
Recorder—John H. Robinson.
Treasurer—J. F. Trane.
Four-year Councilman—Wm. S. Storrs.
Two-year Councilmen—E. B. Hawkins, Abram Greenwood and Stephen T. Baker.

Democratic platform read and adopted:

PLATFORM

We, your Committee on Platform and Resolutions, beg leave to report as follows:

1st—We, the Democrats of American Fork City in convention assembled do hereby reaffirm our loyalty and allegiance to the time-honored principles of Democracy as exemplified in the administration of our illustrious President, Woodrow Wilson. We reaffirm our confidence and satisfaction in our President in all of the policies he has adopted. We especially honor him in his splendid and successful efforts to maintain our national peace amidst a world at war. Any man who in such trying and perilous circumstances, can steer our ship of state so as to secure peace at home and honor abroad is worthy the unqualified support and suffrage of all loyal Americans.

2nd—We commend our present City administration for its progressive, careful and economical management of the business affairs of our city; our Mayor for his broad and tolerant attitude in his administrative policies and we further pledge ourselves and our party in case of re-election to carry out still more in detail the following definite policies that will result to the peace and prosperity and fair name of our splendid commonwealth.

1—Realizing that the chief duty of a city is to look after the moral welfare of the citizen, we pledge our administration to a strict enforcement of the law with respect to the question of the prohibition of the liquor traffic.

The day of the saloon has gone. Our city since the closing of the saloons has improved in vast measure in the moral tone of its citizens, and in the quickening of civic righteousness. For these, and for many other reasons, we reaffirm our allegiance to the cause of complete temperance, so far as it is possible to attain it by legal methods.

11—We pledge our party to the strict enforcement of the city ordinance respecting public amusements and dancing; and especially to put a stop completely to suggestive and indecent dancing.

111—We believe that the most urgent material need of the city at present is an adequate, well-regulated water system and water supply. For this reason we pledge our city administration to increase the present water supply as far as it is possible, and to adjust that supply so that it will be equitably distributed in the higher parts of the city as well as in the lower levels. We favor still further conserving our irrigation water by means of cement ditches on the main water ways where the loss is so apparent.

1V—Following the eminently successful policy of some of our neighboring cities who own and operate their own municipal power plants, we favor the studying and devising of such means and plans which look to the ultimate ownership of our municipal power plant.

V—We favor the further development and extension of our public library as a splendid means of aiding our public schools in the education of our young people as well as old. We commend our present administration for installing the present library and putting it in operation.

VI—We favor a clean, sanitary beautiful city. We take pride in the splendid location and surrounding of our commonwealth. We commend past city officials for the notable improvements in our sidewalks, streets and public buildings; and we pledge our party administration, if elected, to carry on the good work thus far so splendidly advanced in beautifying our streets and making our surroundings as sanitary and wholesome as is possible, consistent with the financial ability of the people.

We pledge our party finally to civil righteousness, to material progress and the promotion of peace and fraternal good-fellowship.

Respectfully submitted,
Committee—James H. Clarke, J. J. Mercer, B. Y. Greenwood, Mark F. Bezzant, W. E. Robinson.
